

LOWNDES COUNTY BOARD OF EDUCATION

Item for Board of Education Approval

Meeting Date: July 25, 2016

Item Name

Recommendations for Chromebooks, Chromebases, Carts, and Accessories

Recommendation – Action Item or Information Item

I recommend that the board of education approve these purchases of Chrome devices, carts, and accessories:

- From Arey Jones, 600 HP Chromebook 11 G4 at \$138.01/device + \$23.50 for Google Management license/device. \$96,906.00 total.
- From Prosys, 32 LG Chromebase 22CB25S-B at \$305.00/device + \$23.50 for Google Management license/device. \$10,544.00 total.
- From Troxell, Aver Intelligent Charging carts: 5 C36i at \$1139.79, 20 C30i at \$1154.00. \$28,778.95 total. [This includes one additional Chromebook cart for CES].
- From Arey Jones, 1050 Max Case chromebook cases at \$13.49 each. \$14,164.50 total. [This include 430 cases for elementary Chromebooks on this order, 508 for 3rd grade Chromebooks purchased in 2016, and the balance for fifth grade Chromebooks at CES purchased in 2015.]
- From Prosys, 600 Logitech M100 for \$3246.00.
- From Global Gov Ed/PCM-G, 600 Califone 3066AVT headsets for \$10,500.00.

Also, LHS TSA will engrave the Chromebooks for us for \$5.25/device. \$3150.00 total.

Rationale

As described at the work session, these purchases will support our implementation of Google Apps for Education and also Milestones assessments in the district.

Financial Impact

I have been in communication with Mr Overman about the SPLOST funds available for Technology for this year. The costs for these devices fall within those allocated funds.

Summary

The purchase of these 600 Chromebooks and 32 Chromebases will increase the availability of these devices and address deficits at DES, HES, WES, HMS, and LHS.
