

LOWNDES COUNTY SCHOOLS  
TRANSPORTATION DEPARTMENT RE-ROOF

ADDENDUM #2

TO: All Bidders  
SUBJECT: Transportation Roof Replacement  
FROM: Jeff Hill  
DATE May 23, 2018

Request for Quote #051018 for the Lowndes County Schools Transportation Department Roof Replacement is hereby amended. The following questions for clarification were received:

Q1. Addendum #1 – item no. 1. Please confirm vinyl back insulation thickness.

A1. 3” vinyl back insulation.

Q2. Existing area to be re-roof has existing skylights are we to figure new skylights or omit them in their entirety.

A2. Omit the skylights.

Q3. Please confirm existing gutter, downspout and Eave trim to be re-used.

A3. Existing gutter, downspout and eaves to remain / reused.

Q4. Existing area to be re-roof has a weather head. I this to remain or will it be removed by others? Appears to be only communication wires, please confirm not power lines for safety.

A4. The weather head is to remain. There is no electrical wiring to it, only coax.

Q5. Please confirm contractor is responsible for removing all existing roofing materials.

A5. Contractor is responsible for removing and disposing of all existing roofing materials.

Q6. The existing area to be re-roof has some type of roof vent is this to be reused or will it be omitted in its entirety?

A6. This roof vent can be discarded.
